BIOMEDICAL DEFORMATION MEASUREMENT USING LASER TECHNIQUES

Biomedical Deformation
Measurement using Laser
Techniques

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Laser and fiber optics applications have opened some new possibilities in medicine and dentistry. Advanced diagnostic techniques and laser-based therapeutic techniques have been developed. Here, we have introduced some new techniques for medical and dental applications using lasers and modern optics. The main task of our work is biomedical applications of lasers. A new approach based on image holography is applied for dental deformation measurement. The advantages of this technique compare to...
