## THE SECRET TO WEALTH: OWN NOTHING: HOW TO CREATE MONEY FROM THIN AIR (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Part of Nantchev s Nuggets of Knowledge series. Pure actionable knowledge. NO fluff. NO theory. Just Results and Success. In this book, I talk about how you can make money from thin air using someone else s platform and website. John D. Rock Rockefeller once talked about his principle on how to become rich: own nothing, but access everything. I take this idea and apply it with the 1849 Gold Rush Principle, which states that you want to sell the pick axes to other people/ entrepreneurs so they can dig for gold. So, if you can find or create a website platform that allows you to sell your stuff online or allows people to sell their things online - both of you leveraging each other. Then you can create a lot of money either with very little effort, or thanks to a large user base. Create a platform that allows others to sell their stuff on your website, leveraging user-generated content and allowing them to share your website as they promote their products (which are sold via your store). All you do is charge them a small fee for transactions or a monthly fee, this way you can make more money than most of your userbase. Find a platform that suits you, you want the platform to do all processing and technical stuff for your: payment processing, customer interaction, sending you your money etc. You just want to do the work once and then get paid forever. If you are an author, then being to find a platform that sells your books. If you are a graphic artist then find a website that you can sell your stuff on.
