## Lessons in Project Management

By Tom Mochal

Apress. Paperback. Book Condition: New. Paperback. 312 pages. Dimensions: 9.2in. x 7.0in. x 0.8in. Most of the project management books on the market are basically textbooks. Instead, it focuses on the millions of people who manage normal, medium-to-large projects on an ongoing basis. Each case study in Lessons in Project Management contains accessible, easy-to-read case studies in real-world project management challenges. Each presentation of the problem is followed by an examination of the solution, written in easy-to-understand language. The format allows you to relate better to the book since it brings into play a project scenario with practical project management lessons to be learned. You'll also recognize recurring characters that appear in multiple stories and you'll start to develop some empathy and interest for their struggle. Table of Contents Understand the Characteristics of a Project Make Sure You Always Have an Identified and Committed Sponsor and Client Organization Report Status on All Projects (There Are Many Alternatives...
