They bring them out one at a time and put them in alien bodies. Thats what they do for Benjamin Franklin. They match him to a young person thats Ethan - and give him three days to live in the modern world. That was the plan, but as Ethan and Danielle find out, great minds dont always go along with the plan. Franklin runs away to Paris with the science teacher and things get worse from there. Theres a kidnapping, a secret lab, a fire and well, lets just say that not all aliens are good guys. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN.
