With UltraDev, Web developers can connect their sites to a database, build e-commerce applications, and generate custom content without having to code by hand. UltraDev combines Dreamweaver's visual design features with source-code control, pleasing Web designers and programmers alike. Unlike competing products, UltraDev can be used to create Java Server Pages (JSP), Active Server Pages (ASP), and Cold Fusion (CFML) applications, all within a single design environment. Current Dreamweaver users will easily adapt to UltraDev's familiar interface and design tools, and experienced developers of database-driven Web pages will find that UltraDev simplifies and streamlines their work environment. Dreamweaver UltraDev Authorized presents lessons in manageable, step-by-step sessions, letting you work at your own pace. The CD contains custom images, lesson files, and a trial version of Dreamweaver UltraDev. At the end of this desktop course, you'll be proficient at creating professional, sophisticated Web applications with this powerful new tool. 291 pp. Deutsch.
